

I put the foam about four inches or so on the PVC pipe.

3/4" Pipe insulation foam 10"

Note: The small cell pipe insulation foam works better than the large cell foam it does not break as easy. This is not the insulation foam with the tape on it, it is too soft to hold a ball.

QTY	Description	Cost
1	3/4" straight PVC pipe connector	\$0.14
1	10' 3/4" PVC pipe	\$1.59
1	3/4" foam pipe insulation 6'	\$1.19
